UTAH TERMINAL BESTS DENVER AND RIO GRANDE.

(Continued From Page Two)

Illinois mines seven million tons to relieve the situation in the Northwest.

DANIELS TO INVESTIGATE COAL FIELDS OF ALASKA

SEATTLE, Wash., July 10.—To investigate problems connected with the development of the Matanuska river coal fields as a source of fuel for naval vessels, as well as for possible commercial purposes, Secretary of the Navy Josephus Daniels, John Barton Payne, secretary of the interior, and Admiral Hugh Rodman, commander of the Pacific fleet, sail today in navy destroyers for Seward and Anchorage, Alaska. Daniels and Payne expect to return to Seattle about July 25th on the battleship Idaho. Admiral Rodman will remain with the destroyers for a month's patrol work in Alaskan waters. Six destroyers will make the trip.

Kansas Miners Coming.

PITTSBURG, Kan., July 13.—A special train, arranged for by a Wyoming coal mining company, will leave Pittsburgh this evening, taking approximately fifty miners and the families of several of them to Wyoming, where they will be employed. Slack work in the Kansas fields, due largely to the car shortage, is responsible for the migration of the miners.

AROUND THE LOCAL CAMPS: PERSONAL AND OTHERWISE

C. N. Stravell of Salt Lake City and George W. House of Long Beach, Calif., are each making application to purchase a hundred and sixty acres of coal lands up Spring Canyon way.

The interstate commerce commission on last Wednesday extended for thirty days the service order providing preferential distribution of coal cars to mines east of the Mississippi. The order would have expired July 21st.

Railroads of the United States are unable to trace a million tons of coal used by them during the strike of last fall. Operators who shipped are supposed to be losers. Much of it was seized while in possession of the roads as carriers.

Car No. 5 of the United States bureau of mines with headquarters at Butte, Mont., has been brought to Salt Lake City in charge of R. W. Dyer, mining engineer of the bureau, to be repaired and also repaired for demonstration work among the mines of Montana and surrounding states.

Gordon Creek Coal company of Salt Lake City was incorporated at the state capital this week with a paid up capital of a hundred thousand dollars. Norman W. Lacey of Los Angeles, Calif., is president; P. A. Hutchins, vice president, and V. A. Hutchins, secretary. The holdings of the corporation are west of Price.

Charges that the railroads of the country are obtaining control of all bituminous coal possible and reselling it to dealers because of the opportunity to make big profits due to present high prices were made in a statement issued by Ellis Searles, editor of the United Mine Workers Journal, from the headquarters of the United Mine Workers at Indianapolis, Ind., last Wednesday.

ARMY TO EDUCATE.

Under a new provision issued by the war department all recruiting officers have been authorized to accept for enlistment illiterates and non-English and aliens who have declared their intentions of becoming American citizens. They will be placed in separate branches of the service and for a period of three years only. After the completion of special English courses provided by the army the men will be reported to the adjutant general for assignment.

TEN DOLLARS FREE.

For the most suitable name for the business formerly known as Arrow Catering company at Price. Three residents of this city to be the judges. In case of tie the first two will receive five dollars each. Address, Box 78, Price, Utah.—Adv.

HON. HARDEN BENNION NOW MENTIONED FOR GOVERNOR

Sentiment is spreading all over the state for the nomination of Hon. Harden Bennion for governor of Utah. By the time the democratic convention is held we expect to see him named by acclamation. No better choice could be made by his party. He is a good man and has been tried in the balance and found not wanting. These lines and those that follow. The Sun takes from the Vernal Express of last Friday, July 10, and published at the home town of Secretary of State Bennion. "Secretary Bennion has had the very experience to fit him for governor. For eight years he was in the legislature, where he assisted in putting on our statute books some of our most constructive laws. Then for another eight years he was one of the state board of equalization, during which time he became familiar with this most intricate and important branch of our government. For the past four years he has been secretary of state, and much of the time acting

governor, so that no man in the state could possibly bring to the high office of chief executive as complete training and experience as can he. One thing is in his favor in the fact that he has shown extreme care in the expenditure of public funds since he has been secretary of state—in fact so much so that he has been dubbed the watchdog of the public treasury. As a member of the various important state boards and commissions he has done with the public funds just as he would if he was administering on his own affairs, and every person acquainted with Harden Bennion knows what that means. The Express feels honored in having the privilege of commending to the good people of Utah one of her native sons for the high office of governor—a man who is in very deed one of the people, unassuming, gifted, able and experienced. This paper has a special interest in his nomination, because he hails from the great Utah State, and knows our needs more than any other man who could be named. "We predict that Harden Bennion will be democracy's standard bearer at the November election."

Twenty years ago this week Mrs. Thomas Fitzgerald of Price and the ladies went to Emery county for a visit with relatives. E. M. Peyton had returned to Price from Eureka to take on his former job as an operator for the Denver and Rio Grande. Mrs. Harry C. Smith of Colorado Springs, Colo., visited with Mrs. M. P. Bruffet and other friends at Helper. Cafe cars were taken off the Denver and Rio Grande between Ogden and Helper. They wouldn't pay. William G. Sharp had been promoted from general superintendent of the Pleasant Valley Coal company to its general manager. H. T. Williams was made general superintendent. J. O. (Doll) Farnett accepted the challenge of the Sunside ball team to play Price for fifty dollars. Helper was asked upon as the place. There was great scarcity of water at Wellington. Cattle and other live stock were moved to Whitmore Canyon around Hunkyside. Hon. Stephen G. Miller was operating as at Price for plenier. H. W. Danson and L. M. Olson had been nominated for school trustees at Price on a non-partisan ticket, defeating E. R. Hoyer, L. O. Hoffmann, John A. Mathis and Albert Bryner in a primary. They were later elected, although the defeated ones permitted their names to go before the voters. Ben Hoenescamp, Helper, came into about two thousand dollars by the death of his father in Iowa. Price school district had \$1811.27 in its treasury. The Carbon county commissioners by ordinance consolidated the offices of clerk and recorder. Nathan Miller became bishop of Spring Glen ward with Caleb Rhodes as his first counselor. Mrs. J. E. Broyles opened the Bedford House at the upper camp to the traveling public. E. M. Gould was made road supervisor over at Sunside. A. E. Marshall failed to qualify. Salaries for county officers had been fixed by the commissioners. Clerk and recorder, \$1100; sheriff, \$900; treasurer and assessor, \$600; attorney, \$500; surveyor, \$100; and the commissioners, \$150. Most of these were raised a hundred dollars over the previous compensation.

TWENTY YEARS AGO THIS WEEK

Mrs. Thomas Fitzgerald of Price and the ladies went to Emery county for a visit with relatives. E. M. Peyton had returned to Price from Eureka to take on his former job as an operator for the Denver and Rio Grande.

Mrs. Harry C. Smith of Colorado Springs, Colo., visited with Mrs. M. P. Bruffet and other friends at Helper.

Cafe cars were taken off the Denver and Rio Grande between Ogden and Helper. They wouldn't pay.

William G. Sharp had been promoted from general superintendent of the Pleasant Valley Coal company to its general manager.

H. T. Williams was made general superintendent.

J. O. (Doll) Farnett accepted the challenge of the Sunside ball team to play Price for fifty dollars.

NOTICE TO WATER USERS—STATE Engineer's Office, Salt Lake City, Utah, June 24, 1920. Notice is hereby given that D. H. Pape of Ogden, Utah, has made application in accordance with the requirements of the Compiled Laws of Utah, 1917, as amended by the Session Laws of Utah, 1919, to appropriate one-fifth (1-5) of a second-foot of water from Mudwater Creek in Carbon county. Said water is to be diverted at a point which lies 19,848 feet south and 1532 feet east of the northwest corner of Sec. 22, Twp. 14 South, Range 8 East, Salt Lake base and meridian, and conveyed by means of a pipeline for a distance of 2000 feet and used from January 1st to December 31st, inclusive, of each year, at the applicant's cost for general mining and domestic purposes. This application is designated in the state engineer's office as No. 4457. All protests against the granting of said application during the session thereof, must be made by affidavit in duplicate accompanied with a fee of \$2.50, and filed in this office within thirty (30) days after the completion of the publication of this notice. G. D. McGONAGLE, State Engineer. Date of first pub., July 2, 1920. Date of completion of publication, July 30, 1920.

Wedding invitations. The Sun.
